**Câlin-ka SA is a Swiss company organize Carrousel camp from 2010. It plans and provides exclusive holidays for children and adults.**

Carrousel Camp is a small, family type facility for up to 20 children per group. Traditional accommodation in a traditional cosy alpine chalet.

We prepare our meals with the local farm products, sun-ripe fruits and berries straight from the growers – our partners [www.herensterroir.ch](http://www.herensterroir.ch).

Instructors of the Swiss Ski and Snowboard School Anzère [www.ess-anzere.ch](http://www.ess-anzere.ch) will demonstrate the rules and the techniques for pleasurable and safe skiing or snowboarding.

Our highly qualified language instructors use innovative methods designed for the needs of Carrousel camp. By the end of the stay, all children receive a language certificate and recommendations for further learning.

We pay particular attention to the children's safety and reassurance of the parents. All activities run under the supervision of experienced trainers and local guides.

GPS location of the camp will be disclosed after the registration.

We speak English, French and Russian.
