

EXCITING SUMMER IN THE SWISS ALPS

Educational tourism for children

HOLIDAYS FOR CHILDREN AGED 8 TO 13 FROM 14th TO 28th JULY AND FROM 28th JULY TO 11th AUGUST 2012

Canton Valais is a „holiday kingdom” with the fascinating history, breathtaking mountain landscapes and hospitable people. This summer Carrousel camp once again invites our little friends to climb to the glaciers and pastures high up in the mountains, to go down to the subterranean caves with the secret fairy lakes, to master the mountain horse riding, to enjoy fruits and berries from the wonderful local gardens, to discover the tales of the ancient castles in Sion, and to connect with their peers from Europe, Asia and America.

ACCOMMODATION

The camp’s chalet lies at the edge of the woods in the highest area of Crans-Montana. The place is called Vermala and is just 0.6 miles away from the centre of the resort and only half as far from the cable car railway.

Two and three bedded rooms with bathrooms, living room and hall await our guests.

Thanks to our partnership with the local farms our children are supplied with the exquisite regional products (www.herensterroir.ch). Our chefs cook balanced and delicious food. Twice a week we are having a cookery workshop for children.

LANGUAGE PROGRAMME

A two week course can sparkle your child's interest for a language. In our extensive courses that meet five days per week we see the kids not only immerse in the language but also overcome their fears and anxieties. The two languages offered are English and Russian. Please provide us with the detailed information about your child’s interests and level of language proficiency. This will help our teachers prepare customised course content.

Apart from the pure language lessons we offer various activities such as arts and crafts, sports and games in the foreign language environment.

SPORTS AND ACTIVITIES

Every week we organize activities outside the camp. These may be trips to the most attractive towns in Valais – Sion, Martigny, Sierre. Destinations also feature the castle of Chillion, the St. Léonard subterranean lake or the Fairy’s Cave in St. Maurice, the St. Bernard dog museum, the Colombire ecomuseum, miniature train park, chocolate factory, zoo, farms, and, depending on the program, concerts and stage performances around Valais. Walks through the virgin mountain forests and by the serene lakes, an overnight stay in an alpine cabin are the other highlights.

Twice a week we offer horse riding (see www.ranch.ch). Other camp sports include swimming, football and beach volleyball.

We accompany our young naturalists at the mountain outings with binoculars or watch the sky through the telescope.

In the evening we all gather in the living room to read, draw, watch a film and listen to stories, or to play parlour games.

Depending on demand we offer extra activities that are not usually included in the basic programme:

- additional classes of English or Russian
- taster golf lessons
- tennis lessons
- piano classes
- adventure park
- waterpark

Children's safety is the chief priority for all staff members at the Carrousel camp.
