Summer 2011

It is as if nature made this place for an active vacation. Crans-Montana (www.crans-montana.ch) – the oldest mountain skiing resort and so much more. In the summer you can play golf, horse ride, go on excursions to some of the most interesting places in Switzerland and enjoy the fresh mountain air.

The Violettes (highest point 2250 m), Plaine-Morte (highest point 3000 m, you will find snow all year round here), Crans - Cry d'Er and Grand Signal - Cry d'Er (highest point 2267 m) and Aminona – Petit Bonvin (highest point 2400 m) ski lifts are the joy of skiers and snowboarders in the winter and in the summer they make happy Alpine beauty enthusiasts and nature lovers.

Crans-Montana provides a huge varied range of options throughout the year, many of which can be tried out in our camp. During the summer season, our programmes take advantage of the rich cultural events available in Crans-Montana, Sion, Siere and Martigny.

ACCOMMODATION

The camp's chalet is located on the edge of the woods in the highest area of Crans-Montana. This area is called Vermala and is only 550m from the lifts and only 1 km from the centre of the resort.

Eleven bedrooms sleeping two or three with a bathroom, a living room, hall and restaurant await our guests.

Our facilities include our own kitchen and chef. The cuisine is European, Swiss and Russian.

The camp has its own transport; we rely on experienced drivers.

LANGUAGE PROGRAMME AND MORE

A three-week course is both a lot and not much at all. Not much in order to fully learn a language, but quite sufficient to gain an appetite for it, to no longer be afraid of speaking it and to get satisfaction from it all round. Experience shows that this is the only guarantee for success. We learn 5 days a week for 3 hours and can confidently claim that the kids love our courses.

One can choose from 3 languages during the camp – French, English or Russian. Please provide us as early as possible with detailed information on your child's level of proficiency and interests. This will help your child to get optimal benefit from the language holidays.

In addition to the lessons that focus simply on language issues, activities in arts and crafts, sports and all kinds of games are organised in the language being learned.

Active vacation and sport
