

CHRISTMAS AND NEW YEAR SKIING HOLIDAYS

FROM 26 DECEMBER 2010 TO 9 JANUARY 2011
FOR CHILDREN FROM THE AGE OF 8 TO 13
IN THE SWISS FAIRYTALE VILLAGE OF HÉRÉMENCE

This year we are offering a winter break in an Alpine chalet in the Swiss fairytale village of Hérémence – the setting of many Valais legends, which is located at the foot of the slopes of the Four Valleys.

The skiing paradise stretches from Verbier and La Tsumaz to Nendaz, Veysonnaz and Thyon 2000 and comprises 412 slopes serviced by 92 lifts. Hérémence is located directly at the foot of the Thyon 2000 station www.thyon-region.ch.

A gigantic snow carpet and gentle slopes allow beginners to enjoy their skiing already after the first lesson.

Before the chalet's windows at a height of 1,500 metres above sea level, a stunning view opens up on the Val d'Hérens, the peaks are visible of Dent Blanche (White Tooth), 4,357 m, and Dent d'Hérens (Tooth of Hérens), 4,171 m, and even of the Matterhorn, 4,478 m, if the weather is good.

ACCOMMODATION

Four bedrooms sleeping four and spacious showers, a living room, hall and restaurant await the children.

The chalet is called Ferme Pédagogique: here the behaviour of animals can be examined by watching them through a specially equipped large window.

Madame Antoinette Dayer, the manager of the guesthouse, cooks her signature dishes for the camp. The produce is from the Ferme Pédagogique or the immediate neighbours. The cuisine is European and Swiss.

The programme includes two celebratory dinners on 31 December and 6 January.

Accommodation

OUTDOOR ACTIVITIES AND SPORT

Beginners have skiing lessons with an instructor 5 days a week. The group consists of no more than 6 people. The camp bus takes the children to the “blue” pistes, where the exercises are held. It is possible to ski down to the camp.

If there is one or more groups of 5 advanced skiers, we suggest organising skiing with an instructor on the pistes of the Four Valleys in accordance with the level of skill. When choosing this option, a ticket to the lifts of the Four Valleys must be bought www.4vallees.ch. We can also provide sledges and access to a swimming pool and an ice rink.

Once a week we organise excursions to Sion www.siontourism.ch and Martigny www.martigny.com. We also organise one ride on dog sleds and one snowshoe hike along the most picturesque and accessible routes.
